Women Leading Through Reading (WLTR) Discussion Circles are student-centered and woman supportive. Based on the experiences of "book clubs," women learners connect their reading and discussion to issues and concerns important for their lives as women. The WLTR Circles assist each student to develop her confidence, leadership, and critical thinking skills. The Circles are co-facilitated by women volunteers from the local community.

Between 1996-2000, the Minnesota Literacy Council collaborated with Amazon Bookstore to offer Women Leading Through Reading book groups for women in adult basic/literacy education centers in the Twin Cities. In 2006, WE LEARN has re-organized Women Leading Through Reading Discussion/Action Circles in New England and plans to expand the program across the U.S.

Come & learn more about this program.

The Newly Updated Training/Organizing Manual will be available.

WE LEARN (Women Expanding Literacy Education Action Resource Network) promotes women's literacy as a tool for personal growth and social change through networking, education, action, and resource development. WE LEARN is the only national U.S. organization directly addressing the issues of adult women's literacy and the needs of women in adult basic education. Our work supports advocacy and projects developing literacy and basic education opportunities for women. As a 501(c)3 non-profit membership network, WE LEARN embraces the energies, expertise, and experiences of teachers, advocates, students, and community members who have seen first hand the ways that literacy education opens a world of opportunity for women.
